

Question - "Why is sex between WP and NWP incorrect behavior?"

- 1) If being in the bed with White people benefited black people and worked against R/WS this problem would have been solved long time ago.
- 2) Most clever strategy as it erodes overall effort to counter WS.
- 3) For the non-white person in those relationships, that behavior has a destructive and averse impact on their ability to think honestly about R/WS due to their personal and intimate attachment to White people it confuses their ability to understand R/WS. Also confuses other (offspring, relatives, etc.) NWP as well. Like throwing confusion-grenades at NWP when seen in public. Makes many NWP think there is no R/WS, no need to be critical of White people, or at least, that there are White people who are above suspicion.
- 4) Creates a buffer group; 9 out of 10 of offspring will identify with White parent/WS and work against black people; not work to eliminate WS.
- 5) (If one understands Power then), the act is rape. Because of WS you have a White over Non-White situation. The unequal power gives the WP the advantage. Sex is supposed to be between equals. To take sexual advantage of a weaker person is incorrect behavior and is considered a crime when the disadvantage in power is not based on color.
- 6) The evidence shows, NWP have not been able to RWSWJ **and** engage in sexual intercourse with White people. We have not been able to do it that way. I am unaware of NWP ever taking the stance that this behavior is incorrect to engage in sexual intercourse with White people as long as the system of WS exists. I suggest we try it.
- 7) Need for psychological distance from your enemy; No psycho-distance = No psycho-defense. Being drawn further and further in...to an unknown situation (?where is all this sex btw white and non-white going to go under WS?).
